## HOUSE IN AN UPROAR

Congressmen Lentz of Ohio Brings Forth Another Sensation.

### SPEECH IS WITHHELD

He Charged That His Speech on Mr Hanna's Election Had Been Prohibited from Being Printed. Senate Proceedings.

Washington, Feb. 27.—The house was the scene of a sensational incident late yesterday afternoon which threw that body into a violent state of excitement. For an hour the storm raged, ending abruptly when an adjournment was taken, on motion of Mr. Payne the floor leader of the majority.

Mr. Lentz of Ohio, who has created many sensations during his service in the house, stirred the Democrats to a fever pitch by rising to a question of privilege and alleging that his speech he had turned over to the public printer under a general leave to print, had been withheld from the record and had been turned over to General Grosvenor of Ohio by the speaker. The nature of the speech was not developed during the events that followed, but it was learned that it was an attack upon Senator Hanna and the methods by which he was elected to the senate.

The speaker explained that it had been represented to him that the speech violated the privileges of the house and he had directed that it be withheld until he could look over it. Pressure of business had prevented him from doing so, however, and only 20 minutes before, he said, he had directed that the speech go into the record, believing that if it contained anything offensive it could be stricken out of the record by the house later.

Intense excitement followed. Several points of order were made by Republicans, but the speaker declined to side-track the matter in that way, holding, however, that to proceed a proposition of some kind must be before the house. Thereupon Mr. Richardson, the Democratic leader, offered a resolution declaring that the speaker had no right to withhold speeches. Against this the question of consideration was raised by Mr. Lacey and by a strict party vote the house decided not to consider it.

Amid still greater excitement and confusion Mr. Richardson offered another resolution condemning the speaker's action in terms and directing that the speech be "delivered forthwith" to the public printer.

Again Mr. Lacey raised the question of consideration and again by a strict party vote the house refused to consider it. At this point further proceedings were cut off by an adjournment taken on motion of Mr. Payne and again sustained by a strict party vote. The controversy probably will be resumed today.

Early in the day a partial conference report of the Indian appropriation bill was agreed to and the bill sent back to conference. The western members made an effort to accept the senate amendment appropriating \$100,000 for irrigation experiments on the Gila river in Arizona, but they were defeated—55 to 97.

The conference report on the naval bill was beaten on account of the item creating assistant chiefs of bureaus in the navy department and a motion to accept the senate amendment authorizing the construction of three additional submarine boats was pending when the row above mentioned was precipitated by Mr. Lentz.

### PHILIPPINE AMENDMENT.

Senate Passes a Measure Restricting Concession of the Island.

Washington, Feb. 27.—An important amendment to the Philippine amendment to the army appropriation bill was agreed to in the senate Tuesday. It was an amplification of the amendment previously offered by Mr. Hoar. Laying restrictions upon the sale of public lands and the granting of franchises and concessions in the Philippines.

Mr. Morgan of Alabama, continued his speech begun Monday and occupied the floor during the greater part of the day. He concluded his address just before the forenoon recess, after having discussed comprehensively both the Philippine and Cuban amendments. He appealed to the committee to withdraw both propositions, maintaining that congress was treading upon dangerous ground and trifling with edged tools in acting upon them without ample information.

During the afternoon Mr. Allen obtained the floor from Mr. Morgan and severely arraigned Rear Admiral Sampson for some endorsement he is alleged to have made upon an application of Chief Gunner Charles Morgan to the grade of commanding officer. Mr. Al-

len's denunciation of Admiral Sampson was a sensation.

During the day the conference report upon the District of Columbia appropriation bill was agreed to as was also the partial report of the conferees on the postoffice appropriation bill.

### Hazing Provision Adopted.

Washington, Feb. 27.—The house this morning upon motion of Mr. Payne, the majority leader, agreed that for the remainder of the session the

house would meet at 11 o'clock instead of noon as heretofore.

Mr. Hull of Iowa then called up the conference report on the military academy appropriation bill. It was the same report previously agreed to, but rejected by the senate on account of the provisions against hazing, which had been modified. The report was adopted without division.

### Pettigrew Resolution Adopted.

Washington, Feb. 27.—In the senate this morning Mr. Pettigrew's resolution ordering a reprint of the instructions and papers sent to the Paris peace commission so as to include an important telegram omitted from the original print, was adopted.

The conference report on the fortifications appropriation bill was agreed to.

### Reciprocity Treaties Laid Aside.

Washington, Feb. 27.—The senate committee on foreign relations has decided to make no further effort to secure action upon the various reciprocity treaties before the senate during the present session. All of the senators present agreed that in the present condition of business it would be impossible to secure action upon the treaties during the few days left of the session.

### Declined to Take Part.

Washington, Feb. 27.—Veteran organizations of the civil and Spanish wars have officially declined to participate in the inaugural parade on March 4.

### Agreed on Many Items.

Washington, Feb. 27.—Republican conferees on the revenue reduction bill have reached an agreement on many items in controversy in addition to those on beer, tobacco bank checks and medicines, heretofore given.

### Vanderlip's Successor.

Washington, Feb. 27.—The president has nominated Milton E. Aikles of Ohio as assistant secretary of the treasury, vice Frank Vanderlip, resigned.

### TEXAS LEGISLATURE.

Prize Fighting Brought up in the House Over the Galveston Fight.

Austin, Feb. 27.—A resolution was offered in the house yesterday inviting Mrs. Carrie Nation to address that body at her earliest convenience concerning her work. The resolution went over.

Mr. Shaw of Dallas, caused a little sensation by the introduction of a resolution requesting the governor to furnish the house what steps he had taken concerning a prize fight at Galveston. This aroused Mr. Tarpley of Galveston, who made a motion to table it. After a sharp debate the resolution went over without action.

The bill by Mr. Garner of Uvalde, providing a method of clearing title to 1,138,000 acres lying between the Nueces and Rio Grande rivers, originally granted by the spanish and Mexican governments. The bill was engrossed without amendment.

In the senate yesterday the girls' industrial school bill went over without any action.

The senate passed to enrossment Senator Staples' bill providing for penalties in the event corporations shall discriminate against employees who belong to labor unions. It carries with it, however, Senator Dibble's amendment providing union strikers from interfering with nonunion men.

The double header bill has again been postponed, this time until March 5.

The senate killed the first bill to meet that fate after passing the committee. It was Senator Goss' land title validating bill.

### Prize Fight Resolution Passes.

Austin, Feb. 27.—The house this morning adopted the resolution calling on the governor to furnish them with information about the prize fight held at Galveston Monday night with a view of ascertaining what has been done to punish the guilty parties.

Representative McFall of Travis introduced a bill in the house providing for a legislative revocation of the Waters-Pierce Oil company's permit to do business in Texas on grounds that it is a trust and has secured entrance in the state through fraud.

The senate passed the house bill granting the city of Sherman a new charter.

The house engrossed its bill providing for adding a kindergarten course to public schools.

### Students Parade for Liberty.

Oporto, Feb. 27.—At a meeting of the council of the Industrial institute and the students it was resolved to request the government to prosecute the police who abuse their authority respecting student bands. The students and others afterwards paraded through several streets and gathered in front of the residence of the Brazilian consul cheering for liberty and denouncing

## GEORGE GOULD VISITS BRYAN.

The Railroad Magnate Takes in the Valley Route on his Tour of Inspection.

President George J. Gould of the Missouri Pacific-Iron Mountain system and also of the International & Great Northern, spent an hour or more in Bryan yesterday looking over the city and the facilities of the Valley Route at this point. Mr. Gould's private car, Atalanta, with his family on board, was left at Lewis Switch. On the special car, St. Louis, was Vice-President C. G. Warner of the Missouri Pacific. On the Texas and Pacific special car, No. 100, was General Manager L. S. Thorne of the Texas and Pacific. On the International and Great Northern special car, No. 200, were President Gould, Vice-President Leroy Trice, Supt. A. L. Bowers, Auditor W. L. Maury, Roadmaster Jack Harris and others.

Mr. Gould was met at the depot by a large delegation of citizens, to most of whom he was introduced by Judge Doremus, who acted as spokesman. The railroad magnate is a shrewd looking business man, neatly and plainly dressed, wholly unassuming and very affable in manner. He greeted each person cordially, with a pleasant word, and expressed great satisfaction at being able to meet with the people here. The special made a run over the oil mill switch and around the Y with the officials and a number of citizens on board, and then left for Calvert and Marlin, going thence to San Antonio and Laredo.

Mr. Gould asked many questions regarding the character and resources of the country, and especially that lying between Bryan and Spring, and seemed particularly interested in the pine forests. He said he hoped the road would be completed to Spring by November, and that upon his next visit to Bryan he would come direct from Houston.

In the course of conversation, while running around the Y, Mr. Trice said: "Mr. Gould, the people of Bryan have been quite nice to us; they put us into town through town and out of town." "Yes," replied Mr. Gould, "I know it." Mr. Gould then asked if it was intended to utilize the twenty-six acres of land south of town for yards, and Mr. Trice replied it was good property and would come in handy some time.

In discussing the extension south of this point, Mr. Trice said the route would be determined upon as soon as the reports of the engineers and of Right-of-Way Agent Cunningham were received. It is a difficult matter to determine, he said, whether to choose the Anderson or the Navasota route. If the line goes by College it will be completed to that point within a few months, or in other words, as soon as possible.

While here Mr. Gould asked if Bryan was not a fine cotton market, and being assured that it was the most important in this section of the State, he remarked upon the great activity of cotton mill building in the State, adding that Bryan should have a mill and intimating that he would be disposed to encourage the establishment of such an enterprise here. He said eastern capital would flow into Texas this year as never before.

## NO MORE BLOODSHED.

Powers in China Will Ask for No More Death Penalties.

Peking, Feb. 27.—A crowd of fully 10,000 persons witnessed the execution of two Chinese, Hsu Chang Yu, who were beheaded here Tuesday in accordance with the demands of the powers. The absence of the ministers was conspicuous because if they were present it might seem as if they were gloating over the deaths of their adversaries.

At the time the execution was being carried out the ministers held a meeting and prevailed upon the majority present to draw a curtain over the further demands for blood. United States Special Commissioner Rockhill is said to strongly favor the dispensing with the inhuman methods. It is believed by some that China is not sufficiently punished and that many are yet to be executed in every city, town and village where foreigners were injured.

It is safe to say that little more bloodshed will be demanded.

Another important point that was brought up at the meeting was that of the legation quarters. Mr. Rockhill impressed the ministers by his remarks regarding the protest of Sir Robert Hart, chief of the Chinese imperial maritime customs, against the seizure of his property to increase the areas of the legations saying that the services rendered the powers by the financial representative of China should have prevented the indignities and spoliation inflicted. The feeling is that Italy should recede from her position on the property she has taken and if necessary for her to increase her legation she should take land elsewhere.

Dr. Munim von Schwartzstein, the German minister, and Marquis Salbag Ragli, the Italian representative in the spoliation of Sir Robert Hart, regretted that the matter had taken such a form.

Sir Ernest Satow and Mr. Rockhill thought an exception should certainly be made of Sir Robert Hart's personal property and that the limits of the legation should be defined the same as published.

Reports from the Shen Si province show that suffering due to the famine there is increasing.

## OBJECT TO POSITION.

Grand Army of the Republic Want to Escort the President.

Washington, Feb. 28.—General Dan E. Sickles, who was appointed marshal of the fourth division of the inaugural parade, which was to consist of the Grand Army of the Republic and other veteran organizations declared that he has no command, because the veterans had refused to parade.

The reason, it is stated, for their withdrawal is that they are displeased with the position assigned them in the line. They insisted on being either the escort to the president or having the right of line.

According to the programme President McKinley will be escorted by the army and navy cadets and troop A, of Cleveland, Ohio. The regulars will head the parade, followed by the District of Columbia militia and the national guard organizations of the various states. Then will come the veterans, if they parade.

General Sickles said that the president desired the veterans as his escort and that he sent Adjutant General Corbin to see General Greene to acquaint him with his wishes. General Sickles says General Greene issued orders, however, placing the veterans in the fourth division.

Greene denied that he had received any word from the White House in regard to the position the veterans should have in the parade.

## Patrick Almost Secured Bail.

New York, Feb. 27.—Albert T. Patrick, charged with forging the name of William Marsh Rice, the Texas millionaire, who died last fall in this city, came near being released Tuesday afternoon on \$10,000 bond, which his brother-in-law, John T. Milliken of St. Louis, Mo., furnished to the city chamberlain in cash. District Attorney Philbin opposed the proceedings, saying he wanted Assistant District Attorney Osborne, who has charge of the case and who was out of the city, to inquire into the matter. Judge McMahon, before whom the application was made, refused to accept bail and Patrick was sent back to the Tombs.

## Retired After Eighteen Years.

Hillsboro, Tex., Feb. 27.—Sheriff Saterfield has returned from Huntsville with S. W. Ogle, who was released from the state prison a few days ago and rearrested. He was tried and sent to the penitentiary 18 years ago on the charge of murdering two brothers named Sams. It developed recently that he was indicted by a grand jury of 13 and was released on this ground. A writ had been previously filed with the sheriff at Huntsville for the same offense and he was rearrested immediately upon being released. He is about 40 years old. He is cheerful and expresses great pleasure upon getting back to Hillsboro and says he feels confident of being acquitted on another trial.

## Bridegroom Once Lived in Texas.

### DENIED BY GOMEZ.

Says Stories of Unrest Are Untrue and False Statement Made.

Havana, Feb. 27.—General Gomez visited Governor General Wood Tuesday and assured him that the stories of unrest and dissatisfaction at the continuance of the United States' opposition was false, and that he had been misrepresented in statements to the effect that he favored an immediate withdrawal of the United States' troops and giving Cuba absolute independence. If they withdrew now, he feared bloodshed. Beyond doubt, within 60 days the Cubans would be fighting among themselves. General Gomez added: "If the Americans were to withdraw today I would go with them."

General Gomez said he recognized the fact that the United States was responsible for the establishment of a stable government in Cuba and could not withdraw until such a condition was brought about. The work of handing over the reins of government to the new republic was an undertaking involving much time and labor and a large amount of study and experience on the part of the Cubans in the work of self-government. The general also said the element in control of the municipalities was not working in the interest of the island. The officials were inexperienced and could not be given a free hand. It would mean the destruction and ruination of the island.

### TWO MORE EXECUTED.

Chi Siu and Hsu Cheng Yo Publicly Put to Death at Peking.

Peking, Feb. 27.—Chi Siu, former grand secretary, and Hsu Cheng Yo, son of the notorious Hsu Tung, were publicly beheaded Tuesday. The street in which the execution took place was guarded by French, German and American troops. The condemned officials were taken to the grounds in carts and escorted by a company of Japanese infantry. Chi Siu met his death in a dignified manner, walking from the cart calmly and fearlessly, but Hsu Cheng Yo was stupefied with opium. They were both dressed in their Chinese official costumes, without the insignia of their rank.

### Captain Lighthall Dead.

New York, Feb. 26.—Captain J. E. Lighthall, 53 years old, a civil engineer and naval architect, of Washington, D. C., is dead at the Bartholdi hotel. His death was due to heart failure. He had been staying at the hotel for a week and Sunday night complained of feeling ill. A physician who was called to attend him found that he was suffering from Bright's disease. When the chambermaid went to his room she found him sitting in a chair with a \$10,000 check in his hands. The check was the price of a patent Mr. Lighthall had sold a few weeks ago to a railway company. Death had overtaken him while he was examining it.

Gerald, the county judge of McClellan county.

## A CHANGE OF FRONT.

United States Will Not Shove Concessions Over Cuba.

## NO HASTE IS ON NOW.

The Isle of Pine Over Which a Controversy Was Precipitated Was Ceded to the United States by the Paris Treaty.

Washington, Feb. 27.—Secretary Root communicated with General Wood Tuesday night on the subject of the Cuban amendment to the army appropriation bill. The communication was by direct wire. The conference was a protracted one, and in the course of it Secretary Root gave the governor the full text of the amendment. After hearing his views on the subject he gave him certain instructions, the nature of which is not divulged. It is understood though that General Wood will now cease his efforts to hurry the Cuban convention in its formulation of a plan of international relations. Originally it was the design of the administration that the first proposition should come from Cuba, but now that the United States is taking the initiative there is not the same motive for haste there was before.

The principal reason for giving Gen. Wood the full text of the resolutions at once was to forestall comments on the American policy, which would result from a partial report of the amendment in the Havana papers.

An erroneous impression seems to exist regarding the clause of the amendment which postpones the question of the ownership of the Isle of Pines, and provides that it shall be decided by treaty. It has been intimated that this indicates a purpose on the part of the United States to claim the Isle of Pines or hold it for the execution of further favors. It is stated on high authority that the clause was inserted as a concession to the Cubans.

The American right to the Isle of Pines is undoubted. Spain having ceded it to us by the treaty of Paris, but the Cubans have so plainly indicated their desire to possess it that the administration proposes as a compromise to let the question go over until the Cuban election.

### Sioux Indians Restless.

Fort Yates, N. D., Feb. 27.—Reports emanating from Omaha that the Sioux Indians were in an ugly mood is declared by those in the confidence of the Indians to be correct. There are those who have been warned. The time of outbreak will be July 4, when thousands of Indians are assembled at the agencies to have sports. Soldiers at the post are usually away at this time. The Indian bureau is partly responsible for the restless feeling among the Sioux, who are anxious to get a complete statement of the money due them from sales of land ceded in the 1889 treaty.

### Agulnaldo's Uncle Governor.

Guigunto, P. I., Feb. 27.—Jose Serapio, an uncle of Agulnaldo, and formerly an insurgent colonel, has been appointed governor of Bulacan province. There were several candidates, including two army officers, but the United States commission unanimously favored Serapio, who surrendered during General Leyton's progress northward and who since has been a consistent friend of the United States that Agulnaldo published an order degrading his uncle.

### Kidnapers Offer Compromise.

Omaha, Feb. 27.—Edward Cudahy has received a letter from the men who kidnaped his son offering to return \$20,000 of the ransom money on condition that all detectives be withdrawn and no attempt be made to prosecute the abductors should their identity be discovered. It is understood the letter was mailed at Council Bluffs.

## INDIGNATION TOO LATE.

People of Terre Haute Stirred up Over the Lynching and Burning.

Terre Haute, Feb. 27.—There is great indignation here over the hanging and burning of George Ward, the negro murderer, and the judge of the circuit court has promised to take prompt steps to ascertain the identity of the lynchers. The grand jury will meet in a few days and the lynching will be made the first order of business. Citizens generally deplore the tragedy and particularly the savagely exhibited in burning and mutilating the dead body. Sheriff Fasig has mailed a full report of the lynching to Governor Durbin in which he says he swore in a large force of deputies and took every precaution to prevent the lynching. The funeral of Miss Pinkelstein, the negro's victim, was held this morning.

### ASSAULTER IDENTIFIED.

Young Woman Recognized Him by a Photograph Taken to Her.

Indianapolis, Feb. 27.—Miss Dorothy Darter, who was brutally assaulted by a negro on the outskirts of Irvington last Thursday afternoon, was today shown a photograph of the man under arrest in New Castle, and her first words were: "That is the man." The negro, who gives his name as Doc Reed, probably will be brought before Miss Darter for identification.

The people of Irvington, which is a suburb of this city, have been much wrought up over the affair and threats of lynching have been freely made. The chief of police says he will use the entire force to protect the negro.

### A White Man Lynched.

Scranton, Miss., Feb. 27.—The murder of little Don Davis has been avenged. At 11:15 o'clock last night a crowd of about 100 men, fully armed and determined, gathered and having caught the sheriff and his deputies, proceeded to batter down the jail door, and securing their prisoner, made their way quietly to the old oak tree near the Louisville and Nashville freight depot, where a rope was placed around John Knox's neck and he was swung aloft. Then shots were fired into his body.

John Knox was a white Canadian, and often in trouble through liquor. A month ago he married Mrs. Davis, a widow, many years his senior, who ran a boarding house. Monday he quarrelled with his wife and in his anger he ran forward with a Springfield rifle in his hand and shot down his 12-year-old step-son, a delicate little fellow. He would probably have killed others, but was promptly disarmed. Feeling run high and the lynching resulted.

### Public Feeling at Fever Heat.

Indianapolis, Feb. 27.—The lynching and burning of the negro at Terre Haute, coming so soon after the brutal murder assault on Dorothy Darter, a respectable white girl on the streets of Irvington on last Thursday afternoon, fanned public feeling to fever heat. Following this, too, came the announcement of the arrest at Newcastle of a negro answering the description of the assailant of Miss Darter. On receipt of this news many quiet meetings were held throughout the city and plans to lynch the negro if identified, have been made. The police are on the watch and Superintendent Quigley will have the entire city force out to guard the negro if identified and brought here. Trouble is then feared by the authorities.

### Plague at Cape Town.

Cape Town, Feb. 27.—Seven fresh cases of bubonic plague were reported Tuesday. Two of the victims are Europeans. In a majority of the cases the spread of the disease is traceable to rats. The principal difficulty encountered by authorities in efforts to prevent the plague from spreading is the concealment by colored people of its existence among them.

In consequence of the gravity of the situation the government has taken from corporation control everything connected therewith and is engaging a large corps for thorough cleansing of the city, burning of undesirable houses and the destruction of rats.

### Failed Banker Arrested.

Chicago, Feb. 27.—Edmund Palmer, whose banks in Des Plaines and Ashley, Ills., and Elliottsville, Ind., closed with total liabilities estimated at \$80,000, has been arrested in Des Plaines. Palmer is wanted by the authorities at Ashley and the arrest was at their request. He claims the failure was due to inability to realize on securities in liquid air projects.

### Received Returning Soldiers.

Nashville, Feb. 27.—Colonel B. F. Cheatham and about 25 Tennesseans who remained in the Philippines and were mustered into the Thirty-seventh volunteer infantry, on arriving here were received by the governor and staff, local militia and Confederate veterans. A banquet was also given them.

## FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will reinforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

**WINE OF CARDUI**

Clarkson, Ark., July 20, 1899.  
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.
